Discovery Day

Saturday 26 September 2026

Join us for Discovery Day at Mount Kelly – a celebration of curiosity, creativity and community, open to both current families and those considering joining our school.

Whether you are a prospective parent exploring options or already part of the Mount Kelly family, Discovery Day offers a unique chance to experience the full breadth of life at our school.

From 10:00 to 14:30, our classrooms, studios, labs and sports fields will be alive with activity. From imaginative play and creative art workshops to thrilling science experiments and competitive sports fixtures, every corner of the campus will showcase the vibrancy of a Mount Kelly education.

It will be a day to wander, to watch, to take part – and most of all, to discover. With opportunities to chat with pupils and staff, explore the grounds, and witness life in action, you will gain a genuine insight into what makes our community so special.
